Yes No
- 5** If you answered "No" to line 1a, indicate the type of public charity status you are requesting by checking one of the choices below. You may check only one box.

YOUTH PROGRAM DESCRIPTION

The Adirondack A's has a continuing Youth, Model A Ford Restoration program. Our club members mentor young people during the restoration of Model A Fords. This is a hands on program where the young people do every phase of a car restoration from rebuilding of the engine, transmission, differential, brakes, steering & body work.

The first restoration was a 1930 Model A Ford Huckster restored by 13 young people, one girl and 12 boys in 2009 /10.

The second restoration was a 1929 Model A Ford Speedster, 9 boys were in that program in 2011 /12.

The third program was the restoration of a 1929 Model A Ford, AA Truck, 15 were in this program, 3 girls and 12 boys in 2013 / 14

The fourth program was the restoration of a 1931 Model A Roadster, we had 14 young people in this program, 2 girls and 12 boys, plus 2 boys that are in college and come when they could.

We currently are working on our fifth program, the restoration of a 1930 Model A Roadster. We have 12 boys and one college age young lady participating. This vehicle is expected to be completed by May 2018

We work at the Jack Byrne Ford dealership in Mechanicville, NY every other Saturday from 9am to 3pm during the project. Jack Byrne's mechanics do not work in his service bay on Saturdays, he lets our youth program have the run of the whole shop, plus he gives us one stall to keep our project in.

On work Saturdays, we break up into teams and spread out in the shop, at the end of the day we put everything back into our shop stall.

Jack Byrne has been very generous with our youth program through the years.

Work on the project takes 6 hours a day, 5 ½ hours work with a ½ hour lunch. You will learn how to apply your math and science skills to a practical situation. You will get dirty, form a team, learn how to work with your hands, learn the history of the automobile, work with metal and wood, set valid goals, and learn from a wide variety of mentors young and old.

You need to have your parent's permission to apply. Parents are a part of this build because we need them to help make sure you stay committed to the build, provide transportation to and from the build site, and to positively reinforce our mission to keep your hands dirty and your minds clean.

The Adirondack Model A Club, located in Clifton Park, has joined forces with Jack Byrne Ford of Mechanicville, to continue with our mission statement to teach young people about the history of Model A Fords, use of hand tools, goal setting, timetables, cost analysis, how mechanical systems work, how we change mechanical energy into electrical energy, basic mechanics, painting, simple welding, and forming a team with others who are unknown to you. Mentors will be almost one-on-one with the students and everyone gets a chance to work on every aspect of the vehicle. We expect the restoration of this car to take at least six months or more. The car will be restored on the property of Jack Byrne Ford, located at 1003 Hudson River Road, Mechanicville, N.Y.

If you wish to join our team, please send a few words, who you are, and why you want to be a part of this build, what you would like to accomplish in the future, and what your career goals are.

Please include the following information: name, age, address, phone number, e-mail address if you have one, and the name of the school you attend.

Form 1023 page 2 Part IV Narrative Description of Activities

Our Hands on Educational Program is open to all club members who choose to participate. Active participation in the restoration process is not mandatory for club members but all members must be willing to share their knowledge and expertise with the youth program. The restorations are currently being done at Jack Byrnes Ford dealership in Mechanicville, NY. Mr. Byrnes has graciously allowed us to use a bay in his service area to store our project and use of 3 bays every other Saturday from October to May for the actual work days. We have an average of 12 youth that participate in the restoration. These youth are from the New York Capital District and are recruited by our program director through the schools, personal connections, members families and various car enthusiast websites. From May to August the restored car is available to the youth for home town parades, school programs and car shows. Their pride in their work is amazing.

Our first build was funded by an unexpected profit when we hosted the New England meet in 2008. Each subsequent restoration has been funded by the sale of the previous build. We also began holding a car show in August of the past 3 years. Any proceeds from the car show are designated for the Youth Program. Funding has also come from donations in memory of club members who have passed.

Our club members meet monthly on the 4th Tuesday. The monthly meetings are for club business and for the sharing of knowledge and ideas pertaining to our Model A's. Meetings are held at The Clifton Park Elks Club during the winter months and at members home garages during the warmer months. We also occasionally hold meetings at a business of interest to our members.
